# SPLIT WOOD

Original, three-dimensional split wood optic

## THREE DIMENSIONAL SPLIT WOOD DESIGN

on large panels

Our brand-new split wood decors convey tangible naturalness through their three-dimensional surface and thus become an eye-catcher in any room concept.

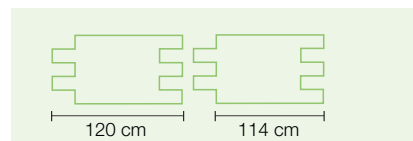

The basis of the design is a 3-layer board, which we give a true-to-the-original split wood surface in several work steps: The wood is brushed to highlight its grain and create a noticeably natural feel. CNC milling creates a typical, three-dimensional split wood surface, which is then refined with exquisite wood decors using SUN WOOD printing technology.

Formats on 3-layer panels:

2,350 x 1,200 x 19 mm dovetailed  
1,200 x 660 x 19 mm dovetailed

2,980 x 1,980 x 19 mm

Can be laid endlessly due to finger-jointing  
(6 cm)
